Mathematics with Spanish

Heriot-Watt University

Venues

Edinburgh Campus

Content

The BSc Mathematics with Spanish programme combines a rigorous education in mathematical theory and practice, developing expertise across pure and applied mathematics, statistics, and computational mathematics with the opportunity to master a modern language taught by discipline experts. Students also have the opportunity (at level 3) to study mathematics at our Spanish partner institution, the University in Granada.

On this programme you will learn mathematics while also becoming fluent in a European language and absorbing the Spanish culture on the year abroad. A degree in Mathematics with a European Language is a highly marketable qualification and can open the door to a wide range of global opportunities.

Start Date

September

Qualification

Degree

Study Method

Full time

Award Title

BSc Hons

UCAS Code

G1R4

Course Length

4 years

Faculty

Science, Technology, Engineering and Mathematics (STEM)

Department

Mathematics

Entry Requirements

2027 entry requirements

5 Highers at ABBBB (Standard entry) or BBBC (Widening access entry) including Maths and Spanish plus English at National 5.

SCQF Level

10
