

Electrical, Control and Instrumentation Installation and Maintenance Engineering

North Highland College UHI

Venues

Thurso Campus

Content

This course is designed to give learners the foundation training in instrumentation/control engineering installation and maintenance along with the knowledge and understanding of how electrical, instrumentation and controls engineering integrates into an engineering system.

You will learn:

Practical skills in electrical installation; Inspection and testing; Control and instrumentation maintenance; Fault finding on a variety of engineering equipment; You will also develop your core, employability, enterprise and citizenship skills.

Start Date

September

Qualification

NC

Study Method

Full time

Course Length

1 year

Department

Energy, Engineering and Construction

Entry Requirements

3 subjects at National 5 including English, Maths, and a technological subject. Skills for Work Engineering an advantage. Interview.

SCQF Level

Progression Routes

HNC Engineering Systems

Address

Main Campus
Ormlie Road
Thurso
Caithness
KW14 7EE
