Physics with Astrophysics (Faster Route)

University of Glasgow

Venues

Gilmorehill Campus

Content

Year 2:
You will have training in more specialised experimental techniques and expand your knowledge of modern physics research. You will also be introduced to the foundations of astrophysics, covering topics including the physics of our solar system, the origin of stars and galaxies, and the evolution of the universe.

You will also study other subjects in years 1 and 2 : see Degrees in Arts, Life Sciences, Science and Social Sciences.

Years 3, 4 and 5:
If you progress to Honours (years 3 and 4) you will continue to study core topics in greater depth but will also study specialist subjects of your choice in depth and will undertake project work, often within a world-leading research group.

Start Date

September

Qualification

Degree

Study Method

Full time

Award Title

BSc Hons

UCAS Code

F3F2

Course Length

3 years

Faculty

College of Science and Engineering

Department

School of Physics and Astronomy

Entry Requirements

2027 entry requirements

Entry to year 2 is 3 Advanced Highers at AAA including Maths and Physics plus 5 Highers at AAAAA including relevant subjects.

SCQF Level

10
