

Electrical and Mechanical Engineering (2nd year entry)

UHI North Highland

Venues

Thurso Campus
Virtual Learning Environment (VLE)

Content

The BEng Hons Electrical and Mechanical Engineering has been designed to meet the demand from employers for engineers who have a wide knowledge and skills base covering a range of engineering disciplines.

Study this Honours degree and you will graduate with advanced levels of competence in engineering and technology, including mechanical, electrical, electronic and management skills, making you highly sought after in the job market.

The broad-based nature of this course will give you many of the necessary skills and competences required by a range of industries, including the expanding renewable energies sector.

Start Date

September

Qualification

Degree

Study Method

Full time

Award Title

BEng Hons

UCAS Code

H361

Course Length

3 years

Department

Energy, Engineering and Construction

Entry Requirements

HNC Engineering Systems or relevant HNC

SCQF Level

10

SCQF Points

«SCQFPoints»

Progression Routes

Employment in the engineering sector in a range of roles.
