

Agriculture

University of the Highlands and Islands

Venues

Argyll College UHI

Content

Do you want to hone and develop the many practical skills involved in the multi disciplines of agriculture practice? This husbandry-based HNC has been designed to provide you with these practical skills as well as the theoretical knowledge required to undertake the running of a farm enterprise.

You will be given the opportunity to study in both a national and global context with emphasis throughout the course on agriculture as a multi-functional industry.
