Open University in Scotland

### Content

Our Bachelor of Laws, the UK's most popular law degree, provides a strong foundation for a successful legal career. It gives you the flexibility to tailor your study to match your goals – whether you're pursuing an academic law degree, fulfilling the 'Foundations of Legal Knowledge' required to become a barrister in England and Wales, or a solicitor or barrister in Northern Ireland, or a degree that provides a foundation to take the first assessment (SQE1) of the Solicitors Qualifying Examination in England and Wales. By the end of your degree, you'll have the legal knowledge and analytical skills to understand and apply the law in both legal and non-legal careers.

Please note, this degree is not suitable for qualification as a lawyer in Scotland.
