

Criminology and Law

Open University in Scotland

Content

Crime, justice and the workings of the law are matters that affect us all and often dominate the news. This degree takes a critical and analytical view of the role and functions of the legal system, and examines its relationship with crime, criminal behaviour and criminal justice. You'll explore issues such as the role and place of law in modern society, processes of criminalisation, violence and inequality, and their implications for justice. You'll gain the ability to critically assess everyday understandings of crime and criminal justice, the social, political, economic, historical and ethical dimensions of law, and gain knowledge of the key institutions which make up criminal justice and legal systems.

Start Date

October, February

Qualification

DipHE

Study Method

Distance and Flexible learning

Course Length

Flexible

Faculty

General

Department

Law

Entry Requirements

There are no formal qualifications required to study this degree. Computer and internet access required.

SCQF Level

8
