

Business Management

Open University in Scotland

Content

How do businesses develop strategies, handle risk and take decisions? What's involved in functions such as marketing, accounting and finance? This innovative degree is firmly rooted in your own experience. You'll investigate how organisations think and work, how they're managed, and the external world in which they operate. You can focus entirely on business management, or choose to specialise in within the subject areas of accounting, economics, leadership practice, innovation and enterprise or marketing.
