

## Engineering (Top-Up)

Open University in Scotland

### Content

Top up your existing qualification to an honours degree. You can add to your OU Foundation Degree in Engineering or equivalent qualification from somewhere else. Tailor your studies to suit your background and previous study. Develop your knowledge and skills and open up further career opportunities. Study choices include communications, design, electronics, environmental management, mathematics, mechanical modelling, nanoengineering, renewable energy, and structural integrity. You'll also complete an engineering project.
