

Technology Management (MBA)

Open University in Scotland

Content

If you're looking for an MBA with a focus on technology, this is the qualification for you. It is applicable to technology management and technological innovation in a wide variety of contexts and sectors, including: IT/IS, telecommunications, computing, engineering, manufacturing, transport and logistics, retailing, energy production and supply, defence and security, management and administration, and any form of services, including health, welfare and leisure.

You will focus on strategic analysis and, intellectual stimulation whilst gaining interdisciplinary skills, and independent judgement – exploring the processes that underpin technological innovation and the challenges of technology from a strategic perspective, with your learning firmly rooted in management practice throughout.

You can exit after stage 1 with a PgCert Technology Management.

You can exit after stage 1 with a PgDip Technology Management.
