

3D Computer Animation

New College Lanarkshire

Venues

Motherwell Campus

Content

HNC 3D Computer Animation will develop your creative skills and technical knowledge required for a career in a variety of digital development roles including, but not limited to, 3D visualisation and animation, 2D animation, digital art and compositing.

This course is aimed at creative individuals with a passion for film, animation, video games and drawing. It has been carefully designed for those of you wishing to pursue a career in the creative industries, particularly within the field of animation.

Modules include:

3D Modelling and Animation – including Character Modelling, Environmental Modelling, Animation and Lighting;
2D Animation – including Drawing skills, Digital Art and Compositing/Motion Graphics.

Learners will be introduced to industry-standard software including Autodesk 3ds Max, Adobe: Animate, Photoshop, After Effects, Premiere, and Illustrator.
