

Business Technology (2nd year entry)

University of the West of Scotland

Venues

Paisley Campus

Content

The professionally-accredited BSc Business Technology opens up a wide range of roles and opportunities for you with many organisations, including large blue chip international companies.

You will learn about the fundamentals of business operations and technology, and progress to the in-depth study of systems analysis, project management, and recent advancements in business intelligence and information security management.

With industry placements, business-focused content and work-related learning, the BSc (Hons) Business Technology prepares you for a modern career in technology-reliant businesses.

This course is accredited by the British Computer Society (BCS) as fully meeting the academic requirements for registration as a Chartered IT Professional.
