

Music and the Environment

West Highland College UHI

Venues

Virtual Learning Environment (VLE)

Content

Creative artists make a significant contribution to the sustainability of the creative economy, particularly in rural communities.

The MA Music and the Environment provides a foundation for musicians to develop new paths for creative, entrepreneurial and environmentally responsible endeavours. In addition, the course equips musicians to work within their own community, establishing effective and successful contributions to their local economy.

The course focuses on the three distinct but interrelated themes of music performance and creation; the cultural and historical context; and the creative economy and sustainability. Activities during the course encourage and demand the skills of observation, investigation, experimentation, reflection, creation, innovation and design.

You can exit at the end of 12 months with PgCert Music and the Environment

You can exit at the end of 18 months with PgDip Music and the Environment
