

Instrumentation Technician: Measurement and Control

North East Scotland College

Venues

Fraserburgh Campus

Content

This course is designed to help you develop widely transferable and valuable skills in study, research, planning, analysing and synthesising. The HNC is recognised by the Institute of Measurement and Control – a chartered engineering professional body – and will place you in a strong position for progressing towards further study or employment.

This course is designed to help you develop competence and confidence in measurement and control engineering in one or more of the following areas: Maintenance, Servicing, Installation, Testing, Commissioning and operation.

Start Date

August

Qualification

HNC

Study Method

Part time (day)

Course Length

2 years

Department

Engineering

Entry Requirements

2 Highers; or relevant national qualifications at SCQF Level 6

SCQF Level

7
