

## Learning and Teaching in the Arts (PgCert)

Royal Conservatoire of Scotland

### Venues

Renfrew Street Campus

### Content

This part-time 60-credit programme provides a unique opportunity for arts educators to upgrade their teaching qualifications and obtain a PG Cert qualification that has been designed to develop teaching skills for the arts. It is delivered on a part-time basis through a blended learning model, which includes a mix of face-to-face sessions, online sessions, one-to-one tutorials and independent study (distance students can study the programme fully online, accessing the face-to-face sessions through a video conferencing platform).

The programme is designed to allow arts education professionals to integrate their studies within their professional teaching contexts. The process of professional enquiry that underpins all modules requires students to engage in a critical analysis of their teaching and arts practice in order to identify and address their own developmental priorities at each stage.
