

## Care Professions (Level 4)

North East Scotland College

### Venues

Aberdeen City Campus  
Fraserburgh Campus

### Content

This introductory course highlights the importance of providing effective and efficient care. You'll learn about the different people who use care services, as well as the different areas this sector covers. There is also a focus on developing your soft and interpersonal skills, such as communication and teamwork, within a care context.

You'll also get the opportunity to investigate a range of job roles and careers in early education and childcare, healthcare and social care to help you decide on your next course and future career progression.

You will study topics including:

Development; Health & wellbeing; How to care for people from birth to older adults.

### Start Date

August

### Qualification

Other
