

Engineering: Electrical (2nd year entry)

City of Glasgow College

Venues

Riverside Campus

Content

On this Electrical Engineering course, you'll expand on the electrical principles covered in Higher level. During the course, you'll be taught by staff with significant industry experience to develop your skills in a range of science disciplines.

Many of the course modules are project-based, with report writing included in second-year modules. The course is also designed for higher level technicians in the Electrical Engineering Industry which deals with the production, transmission, distribution and application of electricity and the manufacture, installation and maintenance of electrical equipment.

Start Date

August

Qualification

HND

Study Method

Full time

Course Length

1 year

Department

Engineering, Energy and Gas

Entry Requirements

HNC Engineering: Electrical. Interview.

SCQF Level

8

SCQF Points

«SCQFPoints»

Progression Routes

Year 3 of BEng Electrical Power Systems at Glasgow Caledonian University.
