

# Photography

City of Glasgow College

## Venues

City Campus

## Content

This highly competitive course provides you with the skills you need to start a career in photography or a related area within the creative industries. This is a practice-based course with projects both in the studio and on location. Alongside technical skills, you're encouraged to work on self-reflection and evaluation through class feedback sessions.

You'll have an opportunity to work independently on self-initiated projects and to develop your own photographic ideas and briefs.

With a broad range of experienced staff on hand and industry standard facilities, this course is an excellent opportunity for those with a keen interest in photography, who want to develop that interest through full-time study.

You'll continually update your photographic portfolio showcasing your most recent work.
