

## Sports Therapy (2nd year entry)

City of Glasgow College

### Venues

City Campus

### Content

The sports therapy course will equip you with the skills required to help prevent injury and rehabilitate clients back to full fitness. The second year of the course focuses on the assessment and treatment of musculoskeletal conditions arising from sporting activity.

You'll also get the opportunity to work in the college's sports injury clinic, developing skills in clinical assessment, devising treatment plans and providing physical therapies. You may also be involved in pre and post match and touchline support for sporting events.

Content:

Clinical Assessment; Functional Anatomy 2; Taping Techniques; Electrotherapy; Plan and Deliver Exercise Rehabilitation; Biomechanics and Movement Patterns.

### Start Date

August
