Computing: Digital Design (Level 6)

City of Glasgow College

Venues

City Campus

Content

This course puts you at the heart of Digital Design and Content Creation, giving you hands-on experience in graphic design, animation, web design, UX, motion graphics, and video production.

You'll learn how to design for screens, create digital content for a variety of platforms, and develop the creative and technical skills employers are looking for. Working on projects with industry-standard software, you'll develop your own style and a portfolio of work.

Content includes:

Digital Imaging; Graphic Design; Typography; Web Design; UX/UI Design; Motion Graphics; 2D Animation; Portfolio Development; Video / Audio Production; Design Principles.
