

# Biomedical Engineering

University of Dundee

## Venues

City Campus

## Content

Biomedical Engineering combines engineering principles with medical and biological sciences to design and create equipment, devices, computer systems, and software used in healthcare.

This course offers taught core components and intensive research training. You will learn to solve a variety of engineering challenges in the medical field. You will also learn about the operating environments where these technologies are expected to function.

## Start Date

September

## Qualification

Degree

## Study Method

Full time

## Award Title

BEng Hons

## UCAS Code

H160

## Course Length

4 years

## Entry Requirements

2026 entry requirements:

4 Highers at BBBC (BBCC for widening access entry) including Maths and Engineering Science or Physics.

Advanced entry to 2nd year available with 2 Advanced Highers at AB plus Highers at BB including Maths and Physics or a science or technological subject (with at least one at Advanced Higher).

## SCQF Level

10

## Progression Routes
