

Electrical Engineering

Glasgow Clyde College

Venues

Anniesland Campus

Content

This electrical engineering course will equip you with the skills and knowledge required to progress to the HNC Electrical Engineering course. Alternatively you may seek employment as a Modern Apprentice.

It is also suitable if you already work as an engineering and would like to up-skill.

Core Units:

Communication Core Skill Unit; Mathematics: Technician 1; Engineering: Applying Information Technology.

Mandatory Units:

Electrical Principles; Fundamental Electrical Systems; Inspection and Testing of Electrical Installations; Single and Three Phase Induction Motors; Electrical Testing and Measurement.

Optional Units:

Earthing and Earth Fault Current Protection; Engineering Project; Electrostatics and Electromagnetism; Transformation and Rectification.

Start Date

August

Qualification

NC

Study Method

Full time

Course Length

1 year

Department

Electrical and Electronics

Entry Requirements

3 subjects at National 5 including Maths and Physics. Interview.

SCQF Level

6
