

## Agriculture

Scotland's Rural College (SRUC)

### Venues

Aberdeen Campus  
 Barony Campus  
 Edinburgh Campus  
 Oatridge Campus

### Content

Throughout the course you will develop an overview of all agricultural systems including livestock, crops and farm buildings and machinery, along with the essential business skills necessary to run a successful farm business. You will develop an understanding of how agriculture relates to animal welfare, environmental and conservation issues.

The course will equip you with the skills and knowledge necessary to pursue a career at a supervisory/junior management level within agricultural industries, or for self-employment in farming or other land-based sectors.

Content includes: Crop and Livestock Mechanisation; Livestock Production; Environmental Management; Agriculture Economics and Marketing; Farm Buildings and Controlled Environments; Pasture Management.
