

Computing with Cyber Security - Introduction (Level 4)

North East Scotland College

Venues

Aberdeen City Campus

Content

If you are thinking about a career in computing, this is the perfect place to start and will introduce you to every element of computing, which can launch you into an exciting and ever-evolving career.

Computing has changed rapidly over the last 10 years, websites have become more user friendly and compatible with a range of devices; PC, tablet & smartphones, games have become more complex and the demand for apps is increasing.

The new General Data Protection Regulations (GDPR) is also here to stay, and has an impact on everything we do digitally, failure to comply carries heavy fines, this means computing skills are in high demand.

Start Date

August

Qualification

Other

Study Method

Full time

Course Length

1 year

Department

Computing

Entry Requirements

No formal entry requirements.

SCQF Level

4

SCQF Points

«SCQFPoints»

Progression Routes

Computing courses at SCQF Level 5/6

Combination Courses
