

Music

Open University in Scotland

Content

Through this degree, you will explore how music is created and expressed across diverse genres, including Western art, jazz, popular and non-Western traditions. You will develop technical expertise in analysing and composing music, alongside critical skills to discuss its cultural meanings. The course supports practical growth in performance, collaboration and technology, including recording and production. Travelling through three stages of study, you will engage with research-informed materials and partnered teaching, for example, at Trinity Laban, for grounded musical practice. By completing this BA, you will not only earn a respected qualification but also cultivate a passionate, lifelong engagement with music.
