

## Computing and IT and Design

Open University in Scotland

### Content

This is one of several subject combinations available in the BSc (Honours) Computing and a second subject. Computing and IT studied with design can open career opportunities in a wide range of sectors. Develop creative design thinking to address computer-based technology problems, preparing you to contribute to the design of the digital applications of the future.

You'll be introduced to user-centred design, sustainable design, and the design process, complementing the computing and IT skills and knowledge you'll develop.
