Computing and IT and Mathematics

Open University in Scotland

Content

This diploma strengthens your analytical and technical skills by combining computing with mathematics. You'll study programming, systems, and algorithms alongside mathematical methods and modelling, gaining the ability to solve quantitative and data-driven problems. On completion, you'll be well-prepared for entry-level roles in data analysis, technology support, or research, or to progress to the BSc (Honours) for further specialisation in computing and mathematics.

Start Date

October, February, April

Qualification

DipHE

Study Method

Online learning

Course Length

Flexible

Faculty

General

Department

Computing and IT

Entry Requirements

No formal entry requirements. Computer and internet access required.

SCQF Level

8

Progression Routes
