Computing and IT and Statistics

Open University in Scotland

Content

This diploma equips you with computing and statistical skills, including data analysis, probability, and modelling. You'll build a foundation in programming and digital technologies while learning to interpret and work with data. On completion, you'll be ready for entry-level roles in data support, analytics, or technology, or you can progress to the BSc (Honours) to further develop advanced skills in computing and statistics.

Start Date

October, February, April

Qualification

DipHE

Study Method

Online learning

Course Length

Flexible

Faculty

General

Department

Computing and IT

Entry Requirements

No formal entry requirements. Computer and internet access required.

SCQF Level

8
