Computing and IT and Statistics

Open University in Scotland

Content

This is one of several subject combinations available in the Diploma of Higher Education in Computing and IT and a second subject. With this joint diploma, you can specialise in an area of computing and IT and combine it with statistics, dividing your time equally between subjects. With competence in statistics and computing skills, you'll be equipped to work in organisations that base decisions on statistical analysis or seek to interpret "big data".

Start Date

October, February, April

Qualification

DipHE

Study Method

Online learning

Course Length

Flexible

Faculty

General

Department

Mathematics

Entry Requirements

No formal entry requirements. Computer and internet access required.

SCQF Level

8
