

Natural Sciences (Chemistry)

Open University in Scotland

Content

This specialist chemistry route through our BSc (Honours) Natural Sciences, accredited by the Society for Natural Sciences, develops your understanding of molecular structure, properties, and reactivity, and how these underpin the world around us. You'll gain strong analytical and scientific literacy skills through practical work and a research project, learning to investigate chemical problems and communicate findings effectively. With a mix of theory and hands-on practice, this route prepares you for further study or careers in chemistry, research, materials science, pharmaceuticals, or any field where rigorous scientific reasoning is valued.

Start Date

October, February

Qualification

Degree

Study Method

Online learning

Award Title

BSc Hons

Course Length

Flexible

Faculty

General

Department

Science

Entry Requirements

Open entry. Computer and internet access required.

If you're new to study or to the OU, it is recommended that you start with a course at Level 1.

SCQF Level

10

SCQF Points

«SCQFPoints»

Progression Routes

Science graduates are well placed to enter a range of both scientific and non-scientific jobs. The study of science develops good analytical and numerical skills, and students also become proficient in using computers.
