

## Natural Sciences (Physics)

Open University in Scotland

### Content

This IOP-accredited physics route through our SNS-accredited BSc (Honours) Natural Sciences (Q64) takes you from a broad appreciation of science to the cutting edge of contemporary physics, combining modern technology and traditional media. Using mathematical tools and experimental methods, you'll learn to describe, analyse, test and explain phenomena in the physical world objectively and quantitatively. By applying the concepts of classical physics, quantum physics and relativity to the study of radiation and matter, from subatomic particles to supermassive black holes, you'll develop the knowledge and skills to explore the smallest and largest scales of the Universe.

### Start Date

October, February

### Qualification

Degree

### Study Method

Online learning

### Award Title

BSc Hons

### Course Length

Flexible

### Faculty

General

### Department

Science

### Entry Requirements

There are no formal qualifications required to study this degree. Computer and internet access required.

If you're new to study or to the OU, it is recommended that you start with a course at Level 1.

### SCQF Level

## SCQF Points

«SCQFPoints»

## Progression Routes

Science graduates are well placed to enter a range of both scientific and non-scientific jobs. The study of science develops good analytical and numerical skills, and students also become proficient in using computers.
