

# **Natural Sciences (Astronomy and Planetary Science)**

Open University in Scotland

#### **Content**

In this specialist route available in the BSc (Hons) Natural Sciences (Q64), you'll develop the knowledge and skills you need to study outer space. You'll be able to objectively and quantitatively describe, analyse, test and explain phenomena in the Universe, using appropriate quantitative tools and observational methods.

### **Start Date**

October, February

### Qualification

Degree

# **Study Method**

Distance and Flexible learning

#### **Award Title**

**BSc Hons** 

## **Course Length**

Flexible

### **Faculty**

General

## **Department**

Science

## **Entry Requirements**

Open entry. Computer and internet access required.

If you're new to study or to the OU, we recommend that you start with a course at Level 1.

## **SCQF Level**

10

## **SCQF Points**

«SCQFPoints»

# **Progression Routes**

Science graduates are well placed to enter a range of both scientific and non-scientific jobs. The study of science develops good analytical and numerical skills, and students also become proficient in using computers.
