

Web Technologies

University of the Highlands and Islands

Venues

Perth College UHI
Virtual Learning Environment (VLE)

Content

In the past twenty years, the web has had a major impact on the way in which we work, live and learn. As the sector continues to grow there is a constant need for individuals and organisations to keep abreast of new developments in the field. This programme has been designed to meet the needs of the global IT industry and will give you the advanced skills and expertise to excel in this fast-paced and competitive marketplace.

MSc Web Technologies

If your knowledge and experience of computing are already beyond that of an end-user and you wish to gain enhanced web technologies skills, then this pathway is for you. You will explore cutting-edge technologies and gain a solid grounding in programming and software development.

You could exit after 1 year with PgCert Web Technologies

You could exit after 2 years with PgDip Web Technologies
