

IWFM Facilities Management Diploma Level 5

City of Glasgow College

Venues

City Campus

Content

Having skilled and professional managers who understand how to effectively and efficiently manage their buildings and services is a critical success factor for many businesses and organisations in the modern world. As a result, Facilities Management has become one of the fastest growing professions in the UK.

The Level 5 Diploma offers a specialist management qualification for individuals working at middle or senior management level within the field of facilities management. Applicants are expected to hold a position where they are responsible for specialised and complex functions within their organisation.
