

## Applications of Mathematics (National 5)

City of Glasgow College

### Venues

City Campus

### Content

This fast track course prepares you to think through real-life situations involving maths. It develops your confidence in handling information and mathematical tasks in your personal life and in the workplace. This course is aimed at those who require an alternative to National 5 Maths for entry to courses such as primary teaching, social work and nursing.

As this is a fast track course, it is best suited to independent, self-motivated students who can work to a tight schedule, and dedicate 3-6 hours per week outside the college to self-study every week!

Monday - 5.00pm - 8.00pm, and Thursday 6.00pm - 9.00pm

### Start Date

August

### Qualification

National 5

### Study Method

Part time (evening)

### Course Length

32 weeks

### Department

Faculty of Education and Society
