

Architectural Technology and Building Performance

Edinburgh Napier University

Venues

Merchiston Campus

Content

The Chartered Institute of Architectural Technologists confirms that this is a recognised Masters programme and graduates will meet the Institute's requirements for Associate Membership, for progression to Chartered Membership.

The course offers a well-balanced blend of theory and practice which prepares you for the workplace. You will gain the knowledge and experience required in the 6 taught modules that can then be applied to complete a major design project that should enhance your career prospects.

Subjects include:

Concrete Form and Construction; Sustainable Building Design; Timber Form and Construction; Building Performance 1 (Acoustics and Sound Insulation); Building Performance 3; Advanced Digital Media; Design Project and Technical Report.
