

Nursing (Adult) (with NMC Registration)

Edinburgh Napier University

Venues

Sighthill Campus

Content

The Masters in Nursing (MN) enables you to achieve a post-graduate qualification and professional registration. The MN underpins all aspects of nursing practice and leads to eligibility for registration on the Nursing and Midwifery Council professional register in Adult Health.

It is a full-time, three year, post-graduate degree course which aims to provide you with a range of learning, teaching and assessment experiences that will enable you to become a critically reflective, post-graduate nurse with an in-depth knowledge and understanding of your respective field of nursing.

Throughout this programme you will be in University studying theory (50%) and then have the opportunity to engage in clinical-based learning (50%) in a variety of hospital and community settings within the Lothian and Borders area. Integrated into this programme is the opportunity to engage in voluntary and elective practice placements locally or internationally.
