

# Advanced Mechanical Engineering

Heriot-Watt University

## Venues

Edinburgh Campus

## Content

This programme aims to develop the knowledge and skills of a Bachelor's-level graduate Mechanical Engineering to Masters level through advanced teaching, design work and research. It provides an opportunity for candidates from a different Engineering background to develop key Mechanical Engineering knowledge and skills required for their professional development. A key objective of the programme is to be an accredited route to becoming a Chartered Engineer.

This programme makes use of Masters-level courses in the Energy Sciences and Manufacture and Design complemented with specialist courses from relevant MSc courses offered by the Institute. There is a growing need for an advanced mechanical engineering programme from our industry partners and this programme has been specifically developed to meet this need and to encourage students into further learning.

You can exit at the end of 18 months with PgDip Advanced Mechanical Engineering.

## Start Date

September

## Qualification

Postgraduate Master's

## Study Method

Part time (day)

## Award Title

MSc

## Course Length

2 years

## Faculty

School of Engineering and Physical Sciences

## Department

Mechanical Engineering

## Entry Requirements

A good Honours degree (2.1) in Mechanical Engineering, or a closely related subject.

## SCQF Level

11

## Address

Edinburgh  
EH14 4AS
