

## Nursing Studies (3rd year entry)

University of the West of Scotland

### Venues

Paisley Campus

### Content

You will become a graduate with in-depth knowledge of contemporary nursing professional practice. The programme will create opportunities and challenges for students to understand and evaluate professional issues to ensure safe, effective, person-centred and compassionate nursing care. You will develop analytical knowledge and skills in interpreting the role of nursing in different social economic environments.

About the programme

The course provides a firm foundation to develop specialist skills and knowledge through further study.

You will develop critical and analytical problem-based learning skills as well as a range of general transferable skills that reflects the demands of today's healthcare professionals.
