

## Early Years Practice Health Visiting

University of Stirling

### Venues

Stirling Campus

### Content

This course will provide you, as a registered nurse or midwife on Part 1 or Part 2 on the Nursing and Midwifery Council (NMC) register, with the opportunity to influence the health and social care provision of children and families. The course will equip you with the higher level knowledge and skills to deliver safe and best practice in the role of Health Visitor as defined in the NMC Standards of Proficiency for Specialist Community Public Health Nurses (NMC, 2004).

The development and delivery of the course is supported by a multi-disciplinary collaboration with our NHS Health Board and Local Authority partners. This reflects the growing priorities that have been identified to provide an improved and more responsible level of care to support, protect and improve the health and wellbeing of children, young people and their families.

You can exit after 18 months with PgDip Early Years Practice Health Visiting.

### Start Date

September

### Qualification

Postgraduate Master's

### Study Method

Part time (day)

### Award Title

MSc

### Course Length

36 months

### Department

Health Sciences and Sport

### Entry Requirements

You must: have a valid registration as a nurse or midwife on either parts 1 or 2 of the NMC professional register; demonstrate knowledge, skills and competence beyond your initial NMC registration, i.e. normally two years' post registration experience as a registered nurse or midwife-however, other relevant professional experience can be considered.

You'll need to be supported by an NHS Health Board/LA in an approved practice with a nominated practice assessor and practice supervisor. The placement will be negotiated between the University and NHS health boards and local authorities.
