

Decommissioning

University of Aberdeen

Venues

Old Aberdeen Campus

Content

Earn an accredited Masters degree in decommissioning oil rigs, platforms and offshore structures. Online MSc Decommissioning is part-time.

Train in all aspects of decommissioning on a degree accredited by the Energy Institute and the Institute of Marine Engineering, Science & Technology.

Gain a broad range of knowledge and expertise in the physical process of taking offshore platforms out of service.

Through this MSc, you'll cover engineering, project management, business, law, health and safety, and environmental studies.

You can exit after stage 1 with PgCert Decommissioning

You can exit after stage 2 with PgDip Decommissioning
