Content

The NC Health and Social Care (Level 6) course provides the ideal foundation for anyone interested in a future career within the health or social care sector. It combines classroom learning with valuable hands-on experience to help you understand the principles, values, and practical skills required to support people in need of care.

You'll explore who needs care, where care is provided, and your responsibilities as a care worker across a range of settings — from hospitals and care homes to community support environments.

Content:

Values and Principles; Human Development and Behaviour; Social Influences; Understanding Mental Health and Mental Illness; Caring for People with Dementia; Health, Safety and Protection Issues; The Human Body; First Aid; HIV, Hepatitis B and Hepatitis C Infections; Understanding the Needs of the Older Person; Working in Health and Social Care Settings; Communication and Numeracy; Working with Others.
