

Working with Communities

Glasgow Kelvin College

Venues

East End Campus
Easterhouse Campus

Content

You'll learn about:

The principles which underpin effective community practice; The social science approaches supporting theories of community change; How to manage resources; How to adopt and support a range of learning approaches; How to work with community groups (adults and young people); and
How to support the development of community capacity.

The practice placement is an essential part of the course which is assessed through a graded unit.

Campus location may be subject to change.
