Content

This course offers a strong foundation in the skills, values and knowledge essential for delivering compassionate and safe care. You'll explore health, wellbeing, communication, and clinical practice through a blend of classroom learning, group work, and simulation-based activities that reflect real healthcare environments.

Units include:

Professional Standards for Care Practice; Therapeutic Relationships: Understanding behaviour; Safe Working Practice for Care; Clinical Skills for Care Practitioners; Sociology and Health in Scotland; Understanding Personal and Professional Development; The Human Body in Health and Illness; Healthcare Practice: Graded Unit 1; Exploring Mental Health.
