

Maths (National 4)

Fife College

Venues

Dunfermline (Halbeath) Campus

Content

Mathematics is important in everyday life, allowing us to make sense of the world around us and to manage our lives.

Using mathematics enables us to model real-life situations and make connections and informed predictions. It equips us with the skills we need to interpret and analyse information, simplify and solve problems and make informed decisions.

The National 4 Mathematics Course enables learners to select and apply straight forward mathematical skills in a variety of mathematical and real-life situations. Learners interpret, communicate and manage information in mathematical form. It covers all the basic groundwork for starting the National 5 course.

Start Date

August

Qualification

National 4

Study Method

Distance and Flexible learning
Part time (day)
Part time (evening)

Course Length

1 year

Department

Engineering, Energy and Mathematics
