City Campus

Content

You'll develop practical and critical skills needed for a practicing photographer. Guest lectures and workshop sessions are an essential element, with opportunities for business, entrepreneurship and enterprise activities.

A self-directed approach to your studies will allow you to tailor your portfolio towards your own photographic interests. During the fourth year of this course, you'll focus on and develop your skills and knowledge towards your own photographic goals.

You'll work in the state of the art facilities within the new City Campus, including specialist photographic studios, highly specialised photographic equipment (such as medium format digital Hasselblad camera systems in addition to Canon EOS DSLR camera equipment).

Elements you'll study for include:

Extended essay/dissertation related to your photographic practice; Major photographic project (you'll plan and produce practical work throughout the academic year); Self promotion.
