Construction: Multi Trade (NPA) (Level 5)

Dundee and Angus College

Venues

Arbroath Campus
Kingsway Campus

Content

This nationally recognised qualification provides learners with a broad range of practical skills and knowledge across multiple construction trades. It is designed for those seeking a versatile foundation for employment in the construction industry or progression to specialist training. The course combines hands-on experience with core employability and academic skills.

What You'll Learn:

Practical Multi-Trade Skills:

Brickwork: Basic walling and blockwork; Carpentry and Joinery: Bench joinery and constructional carpentry skills; Painting and Decorating: Preparing and painting surfaces, decorative finishes; Roofing: Introduction to roof structures and coverings; Retrofit: Principles of energy efficiency and sustainable building practices.
