

## Access to Health Sciences (SWAP)

New College Lanarkshire

### Venues

Coatbridge Campus

### Content

The primary focus will be for students wishing to study Honours degree nursing at GCU, Pharmacy Sciences at UWS, or any Life Science degree programme at GCU, Glasgow, UWS, Stirling and Strathclyde, but every student must be prepared to have other careers in mind.

The course will contain both the National 5 and Higher levels in Chemistry and Human Biology. You will also require to complete a double credit unit in English communications and a higher level unit in ICT. Importantly you will also study National 5 level mathematics.

You will be taught a mixture of discrete science subjects (Chemistry, Biology and Physics) along with core essential skills in Mathematics and Communications. Where possible the science subjects taught will be tailored to the individual student which will allow students progression to their HNC/HND or Degree path of their choosing.

### Start Date

August

### Qualification

Access to FE/HE

### Study Method

Full time

### Course Length

1 year

### Department

Science

### Entry Requirements

You should have a minimum of 3 clear years out of formal education and a history of good mathematics qualifications from school but for whatever reason you did not continue in your studies.

You will be interviewed and your numeracy skills will be tested during the interview period. You will also have to supply two (2) references that show your ability to learn and be successful.

Progression into any study within the NHS is subject to PVG Disclosure Scotland Criminal Records checking.

## SCQF Level

6

## SCQF Points

«SCQFPoints»
