# Graphic Design (2nd year entry)

University of Dundee

## Venues

City Campus

## Content

We will challenge you with a range of design projects set by tutors, external design agencies and international design bodies. Lectures, tutorials, workshops and exposure to professional bodies will all form part of your learning experience. As will our unique industry placement scheme.

We aim to provide a working environment that is reflective of contemporary professional practice. Each year-group works in a design studio, and each student has a personal work desk. We believe this helps to support good communication, a more intimate teaching environment and improved peer learning. We believe in building community.

All our students engage in the broadest spectrum of practice. This includes design for print, typography, branding and marketing, motion-graphic design, video editing and design for web and apps. Our students also work with traditional media such as screen-printing.

## Start Date

September
