Venues

Lews Castle College UHI
Virtual Learning Environment (VLE)

Content

This BSc (Hons) Sustainable Development is the ideal course for you if you are interested in helping communities to develop in a way that is sustainable and highlights the importance of the relationship between the economic, social, political and environmental spheres.

The emphasis globally on the UN Sustainable Development Goals and more locally on community empowerment, resilience and community land ownership mean that graduates of this course are ideally situated to understand and respond to many of the key challenges in today's world.

The course takes an inter-disciplinary and forward-thinking approach, which combines the theoretical and the practical. It has a great success rate for graduate employment. Graduates have gone on to careers in community economic development and managing rural development initiatives as well as working with key agencies.

This course is fully online. You will be enrolled and receive support from tutors at Lews Castle College UHI
